

PERMISSION TO STAY IN COLLEGE HOSTEL

"As per UGC Guidelines reopening of college campus can be done only after the state government has declared the area safe. Hence decision of state government is a must for allowing students on campus.

It was anticipated that favorable decision to allow students in batches will be received by mid December. Accordingly preparatory actions have been initiated to identify needy students.

Permission to allow students on campus will be notified on AIMK website immediately on receipt from State administration. All are requested to abide by the decision of regulatory bodies"
